Dear Sir/Madam,

I am writing on behalf of SAI and its consultants Jim Cople and Steve Edwards. They have assisted us in the early stages of our school's curriculum review. They have helped by evaluating our process and working with our faculty.

Jim began the work by assisting us with our process. He also worked with our department chairs. Steve has presented to our faculty, has worked with me in an ongoing way on the process we are using, and will evaluate the school's current curriculum this summer.

Their work has been extremely professional, timely and very well done. Steve gained an immediate rapport with our faculty. As a teacher himself, he has an engaging style. His presentations have been entertaining, informative, interactive and appropriately provocative. Steve is a natural teacher and has gained our faculty's respect. He has a very natural way of putting them at ease. Steve has also been my professor for two graduate classes at George Washington University. He has a wealth of knowledge and a varied background in education as a teacher and administrator. This experience gives him a great deal of credibility.

Steve has done the majority of work with us. Jim helped us at the initial stage by evaluating our process with our department chairs. His insights have been very useful. Because of his assistance, our process has been clearer and more focused.

I highly recommend SAI. We will continue to rely on their assistance throughout our curriculum review. They are professional, reliable, effective and flexible. Please feel free to contact me if I can be of further assistance.

Sincerely,

Matthew Hillyard, OSFS
